

HIGHLY VISIBLE STOOGES CORD

By George White

For those of us who have grown wary (and weary) of folks stumbling over the tie-down cords from our stooges, Paul Grabski has found a solution. While nothing can be idiot proof, this certainly makes your stooge lines visible if anyone has their eyeballs focused anywhere below the horizon. It's 3/32" diameter 7 strand 550 paracord. It's available at:
